What is *Oral Health for Caregivers*?
Developed by oral health experts and the Washington Dental Service Foundation (WDSF), this train-the-trainer program provides critical oral health information for those who care for older adults with an emphasis on prevention. The interactive demonstrations, visuals, and printed materials introduce oral health in an easy-to-understand format that can be used to educate caregivers. The curriculum is up-to-date and provides a high-quality continuing education learning opportunity.

**Key components of the training:**
- Basic oral care and disease prevention strategies
- Understanding the impact of medications on oral health
- How diabetes and other chronic conditions are interrelated to oral health
- Tactics for working with special-needs and behaviorally-challenged clients
- Hands-on practice and demonstrations
- Training modifications to meet diverse participant needs

**Lunch speaker – Lorrie Mahar**, ADSA, Office Chief, Training, Communication, and Development Unit
Lorrie will share information and answer questions about Washington State caregiver training requirements.

**Who should attend?**
*Professionals who train other professionals to care for older adults*
Nurses, social workers, caregiver trainers, physical, occupational, and speech therapists, recreation and activity specialists, mental health specialists, and adult day health professionals.

**Training includes:**
Continental breakfast and lunch, curriculum binder with handout masters, CD containing handout masters, and an implementation guide to help you plan future trainings.

**Registration**
The training is **free** for Washington residents and **$45** for out-of-state participants. To register, please complete the attached registration form and send it to Laura Hilbert at WDSF.

**Registration deadline is September 26, 2012.**

**For more information**
Karen Lewis, WDSF, at 206-528-7344 or klewisdeltadentalwa.com. For more information about oral health, please visit www.seniorsoralhealth.org.
